"I did not ask for sovereignty, reign, rank, position, or the obedience of people to me and submission to my order except by the order of Allah swt and the order of Imam Al-Mahdi…"

These poignant words were stated by Ahmed Al-Hasan in the Sermon of Hajj, delivered in 2006. What have we done to answer his call to support the Prophet Muhammad's Family?

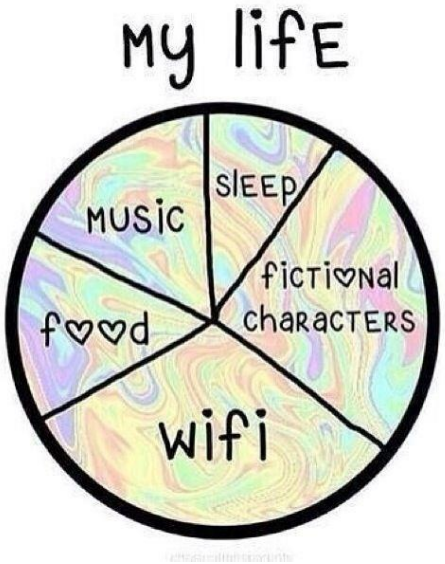
Ahmed Al-Hasan
Is the Yamani and flag bearer of the Prophet Muhammad's family and messenger from Imam Al-Mahdi.

He is the Saviour of Mankind and he calls you to the religion of the Prophet Muhammad and his Family, and away from all sectarian divisions.

Will you heed his call?

What is your life about?

Is there anyone who will do justice for the Prophet Muhammad's family?



Who do we need in our lives?

When you went to school, did you ever feel a sense of loyalty to your teachers? When abandoned children grow up, they often go in search of their absent parents because they feel the need for them.

Prophets in the Bible

The stories of divine prophets in the old and new testament and the Qur'an are all true and God continued to ensure divine people were on this earth. We should therefore feel a sense of loyalty to them and this divine cause.

> "…he has 3 names, one name like mine and my father's and that is Abdullah and Ahmed, and the third name is Al Mahdi." Prophet Muhammad in his final will and testament.

Since the Prophet Muhammad passed away, his direct descendants faced persecution and hardships until they appeared to completely vanish from the face of the earth. Whilst they were being annihilated in the massacre of Karbala' and in its aftermath, the women and children would often cry out 'Is there anyone to help us?'

Is our life just a pastime and play?

Is it not time that we did something for those that were the ideal role models for us? Should we not feel a sense of loyalty toward the best of mankind?

The names of the Prophet's companions and the 12 Imams from his family are written on the wall of the Prophet's mosque in Medina.
